Evening Celebrations Photography Package

We know you're looking to capture the fun, love, and excitement of your life, so this is exactly what J Roberts Photography specialise in! Our style of photography is professional and candid, ensuring our subjects are relaxed and comfortable, therefore allowing us to capture the real essence of the moment. Your memories of the fun and excitement of your celebration will last forever in our photography.

All our photographic packages, provide you with all images on CD in 6x4" high resolution, so when you fall in love with ALL the photos, you won't go through that painful decision process of what to miss out in your ordering. You will own all images, so there will be plenty of copies for yourself, family and friends. Plus you will have an online album to show to friends soon after the big night.

Please see below details of our Evening Celebrations Photography Package, if you have any questions please don't hesitate to contact us. We look forward to "Capturing Your Memories".

The Package:

- 4 Hours photography (1 photographer)
- Photography of special guests, other guests attending the party, special events (such as cake cutting, speeches etc) & any other appropriate photographs throughout the event
- All photos (approx 300) will be provided on CDs in high resolution for printing (up to 5x7")
- Online Album of a selection of the best shots, retouched and enhanced for you to email around to guests, family and friends. They will be able to download and print these photographs without watermarks

Total - \$695.00 + GST (includes complete package as stated above)

Please note:

- Additional hours of photography, beyond what has been outlined above, will be charged at \$75 per half hour or part there of.
- Additional costs may be applicable for travel and expenses.
- Additional photographer available on request

To make your captured memories last, we can produce striking prints, which are beautifully retouched and enhanced as art prints, canvases, acrylic blocks and books. You can choose from colour, B&W, sepia or even a vintage look in your editing.
